Data collection from Service Providers

Introduction and Consent Form

YOUR ORGANISATION NAME strives to implement the highest standards in ecotourism. This includes measuring the environmental and socio-economic impacts of the ecotourism package being developed in your destination. As a service provider to the package, you have a key role to play! In order to assess those impacts, we require some information from your business. A data collector has been appointed by **NAME OF RELEVANT ORGANISATION** for that purpose. This data will be assessed by the MEET Ecotourism Indicator Monitoring Platform, and will be analysed to issue a series of recommendations to improve the performance of the package, which will be shared with you when relevant. We appreciate the time needed to provide this data, but reassure you it will be a great help!

Thank you very much for your participation!

Privacy and use of your data

The data collected by **YOUR ORGANISATION NAME** will help to assess the environmental and socio-economic performance (**DELETE ONE IF APPROPRIATE**) of the ecotourism product. This includes a set of data on your business or organisation including your operations, finance and environmental management, for example information on your workforce, labour practices, utilities (water, energy, waste), facilities, equipment, among others. The information you are providing will be collected and analysed by **NAME OF RELEVANT INSTITUTION** partnership and will be used to identify needs for improvement in the ecotourism package in relation with the MEET standard.

Please be aware that your data will be only used for this purpose and by the involved partners and contracted consultants. The data will only be published anonymized and aggregated, so your business can not be identified. Your data will not be forwarded to any third party. You can always change your preferences or withdraw by mailing to **YOUR ORGANISATION CONTACT**

By signing below, you consent to the use of the data by us.
